

Good Morning

I hope everybody is keeping well? What a shame the sunshine has stopped! It does make it easier to stay inside though.

Everybody seems to be accessing work now, either on google classroom or on the packs we have sent through the post. Most families have received the vouchers now too so the routines are working!

Remember we are at the end of the phone or available on email if you need us. Don't struggle with anything on your own.

Stay safe and keep well

Claire Crowley
